Applicants should include a Curriculum Vitae, a conflict of interest statement and a covering letter describing their interest and experience in the field of classifications and may provide evidence (through published papers, presentations and research funding) of their interest and involvement in this field. Endorsement of the application by a Member Organisation of Wonca and/or by a current member of WICC shall be regarded favourably.

## 11. ELECTIONS

### 11.1. Nominations

#### 11.1.1. Nominations of Chair and Deputy Chair

The Governance Committee is to work independently and shall be responsible for the process of election of the Chair.

The Governance Committee shall:

- Arrange for the election of the Chair every four years.

- Call for nominations for the Chair from all Full members in writing or email, at least three months prior to each WICC Annual Meeting, clearly stating the closing date for nominations.
- Ensure that nominated candidates are willing and qualified.
- Where necessary actively recruit suitable nominees to the position of Chair.
- Require a written statement from nominated candidates agreeing to stand for the position of Chair.
- Circulate a list of qualified nominated candidates for the position of Chair, at least one month before the relevant WICC Annual Meeting with a clear date for the ballot, at the latest on the penultimate morning of the WICC Annual Meeting.
- In a year in which there is no WICC Annual Meeting, a voting ballot deadline shall be set by the Governance Committee, on the advice of the Chair, for no later than 12 months from the last WICC Annual Meeting.

#### **11.1.2. Nominations of Executive and Governance Committee members**

The Governance Committee shall:

- Call for nominations for open elected positions in both Executive and Governance Committees from all Full members in writing or email, at least three months prior to each WICC Annual Meeting, clearly stating the closing date for nominations.
- Ensure that nominated candidates are willing.
- Actively recruit nominees to positions on the Executive and Governance Committee, taking into account the need to spread representation (region, gender, type of organizations).
- Require a written statement from candidates agreeing to stand for the position for which they have been nominated.
- At least one month before WICC Annual Meeting, forward a list of willing candidates for open position(s). In a year in which there is no WICC Annual Meeting, the Governance Committee, on the advice of the Chair, shall set the timing of the nominations and election.
- Organize and conduct a vote by secret ballot for open positions during the WICC Annual Meeting, at the latest on the penultimate morning of the WICC Annual Meeting. These positions may include: The Executive Committee member(s), and Governance Committee member(s).

#### **11.1.3. Other nomination procedures**

The nominee must provide a statement of agreement to stand for the position for which he/she is nominated. Another Full member of WICC must second any nomination. All nominated candidates who agree to stand for election can be elected and shall be voted on. The Governance Committee may call for nominations of candidates at the election

meeting if necessary (for example when a candidate withdraws from nomination, or when nobody has been nominated or willing by the deadline). If there is only one nomination for a position, then this candidate shall be declared elected.

## **11.2. Elections**

### **11.2.1. Election procedures**

Voting shall be compulsory for all Full members.

Each Full member of WICC shall be entitled to one vote. The voting procedure must allow for confidentiality. The Governance Committee shall determine the voting procedure.

### **11.2.2. Election of the chair and deputy chair**

Election of the Chair shall be by a preferential secret ballot vote of all Full WICC members. Members not attending the meeting shall also vote. Preferential voting procedure: voters rank each candidate in order of preference. In other words (on the most common kind of ballot used) the voter writes a '1' beside their first choice, a '2' beside their second preference, a '3' beside their third preference. Where there are only two candidates for a position, a vote placed for one automatically gives the preference of '2' to the second candidate, and so results in a 'first past the post' result. However, where there are more than two candidates a preferential ballot can be redistributed according to the voter's expressed preference in a single voting round. All '1' votes are counted initially, and the candidate with the least first from his/her first preference votes, are re allocated to the other candidates, as specified by the voters. This process continues until there are only two remaining candidates and the candidate with the most votes wins. Votes shall be counted by a member of the Governance Committee and cross checked by a different member of the Governance Committee. The successful candidate for the position of Chair shall be the one with the highest number of votes after the distribution of preferences. The successful candidate shall be announced to all WICC members immediately on completion of the count and take his/her position at the end of the meeting.

The deputy chair shall be elected by the members of the executive committee among them. In this election every member of the executive committee and the chair each have one vote. The simple majority decides. If there is no simple majority on the first round of voting, a second round of voting takes place between the two candidates who received the most votes during the first voting round.

Any member of the executive may ask for a new vote at any time to elect a deputy chair. An election must take place when a new Chair is elected, or the current deputy chair end his/her term on the Executive Committee or retires.

### **11.2.3. Election of the Committees**

The Executive and Governance Committee members shall be elected through ‘first past the post’ secret written ballot vote of WICC Full members. Newly elected Executive and Governance Committee members shall take up their position at the end of the yearly meeting at which they were elected. In a year in which there is no WICC Annual Meeting, a newly elected member shall take up the position immediately after the election. If, due to unforeseen circumstance, an Executive or Governance Committee member resigns from his/her position during his/her term, a new election shall be organized as soon as possible by the Governance Committee.

The new elected member shall serve a full term.

### **11.3. Appointment of the Chair by Wonca**

Wonca Council appoints the Chair of WICC. WICC Executive shall forward an nomination / recommendation for the Chair to the Wonca Executive, three months before the Wonca Council Meeting, who shall present it to Wonca Council in a year when there is a World Conference for formal appointment to the position. In a year in which there is no Wonca Council Meeting, the recommendation shall be forwarded to the Wonca Executive for formal approval and appointment by Wonca Executive.

#### **11.3.1. Vacation of the Chair**

If for any reason the post of Chair becomes vacant at any time other than the anticipated four year period end date of the appointment, the Deputy Chair shall take on the Chair’s responsibilities for a period of up to six months, during which time an election shall be held for a new Chair in line with the methods described for normal election of Chair, for a period equal to the time remaining of the previous Chair’s term. The new Chair shall be recommended to Wonca Executive who shall put forward the recommendation to Wonca Council for formal appointment to the position.

### **11.4. Terms of Office**

The period of WICC office bearers’ terms of office shall be for four years. All office bearers can be elected for a total maximum consecutive service of two full terms.

## **12. MEETINGS**

WICC meetings shall be open to all members. Observers are welcome, with prior approval of the Chair.

### **12.1. Annual Meeting of WICC**

There shall be one face to face general meeting of WICC per year. The place and approximate time of a meeting shall be set two years ahead of the meeting date, at

the time of the WICC Annual Meeting. Where feasible, WICC will schedule its Annual Meeting to coincide with a Wonca conference. The responsibility to organize the Annual Meeting is delegated to a WICC member, most often the member living in the host city or country (the “host”). The host and the Executive form the planning committee, which create a budget, an agenda and a proceeding for the meeting. Each participating member is in principle responsible for covering his or her own expenses (travel, subsistence and lodging costs) related to meeting attendance. Where agreed by the Executive, when WICC funds are available, they may be used To assist members with travel costs to the WICC Annual meeting and/or to other meetings at which their presence is requested by the Chair, and for whom travel has not already been funded from other external sources. Any contribution to such travel shall be calculated and distributed relative to the economy class travel costs incurred by the member. The Executive can decide to include invited Associate members for travel reimbursement if this is important in order for them to attend the WICC meeting.

### **12.2. Executive meetings**

The Executive shall meet at least quarterly. Meetings shall generally be held by teleconference, but may include (when funds and time permit) a face to face meeting on one or more occasions per year. The Executive shall keep WICC informed of discussion and decisions made at its meetings by distributing minutes at least quarterly.

## **13. WORKING G ROUPS**

The primary tasks of WICC will require extensive ongoing collaborative work between Annual Meetings. This can best be accomplished through small groups carrying out specific assignments. WICC shall create a series of specific Working Groups for this purpose. The number of persons appointed to a Working Group shall be not more than reasonably necessary to achieve the allotted task. Each group shall work independently during the year under the supervision of WICC Executive, and shall present its work product for discussion, modification, and approval at the Annual Meeting. In a year in which there is no Annual Meeting or in circumstances when the work must be completed and released before a meeting, WICC Executive shall review and approve the work product. At any time, a Working Group can circulate its work in process or completed work product to the full WICC membership for comment.

Each Working Group shall have a leader appointed by the Chair, who:

- Will organize the work and report to the Chair.
- Is responsible for the progress and delivery of products.
- Will publish the work on the web to the other members of WICC.

Working groups may put forward formal recommendations to WICC between Annual Meetings through the general section of WICC. All members shall be free to enter discussion/debate regarding such a recommendation.

Where disagreement is strong among the members regarding a recommendation made by a Working Group, the Working Group can choose to put the recommendation to the Executive Committee for discussion and wider consultation.

#### **14. REACHING CONSENSUS ON ISSUES**

The normal and preferred procedure for reaching consensus on all issues coming before WICC shall be through appropriate and academic discussions at all levels of the organization. Where disagreement is strong among the members regarding a formal recommendation or decision to be made by WICC, any full member can demand a vote.

##### **14.1. At the Annual Meeting of members of WICC**

Motions may be initiated by any WICC Full member, following the principles of *Robert's Rules of Order Newly Revised (11 th Edition)*<sup>1</sup>

Voting can be by any one of the following methods, according to the Executive Committee's decision:

- Raised hand (preferred).
- Written secret ballot.

A motion must be moved by a Full WICC member and seconded by a Full WICC member before it can be voted upon. A quorum shall be 50% of all Full members of WICC. Each attending Full member of WICC shall have one vote. A motion shall be approved if 50% or more of the voting members agree.

##### **14.2. Between annual general meetings**

Where it is anticipated that a formal vote shall be required on an issue, working groups, individual Full members, or the Executive Committee may put forward a formal motion to WICC between Annual Meetings.

All motions put to WICC must be seconded by another Full Member of WICC, prior to the motion being put to the vote. Any between meeting motion must first be submitted to the Chair who shall judge it to be valid or invalid. If the Chair approves, the sponsor of the motion can submit it. If the Chair does not approve she/he must discuss this with the Executive and the Executive must agree with the refusal.

Motions should be reserved for the purpose of reaching a final decision after earlier

<sup>1</sup> [www.robertsrules.com](http://www.robertsrules.com)

discussion (i.e. to finish a discussion and come to a formal WICC decision). Voting shall be by confidential vote where one is required in order to come to a final Committee decision. A period of two weeks shall be allowed after a motion is posted for debate on that motion.

At the end of that two week period the motion shall be submitted for online voting. All Full Members shall have the right to vote within two weeks after the motion is put to the vote. Each Full Member shall have one vote. A quorum for making a decision on any motion shall be 50% of all Full Members of WICC. A motion shall be passed if a simple majority of voters approve the motion. The Executive shall arrange for a suitable online voting system and inform WICC of the result within two weeks of the closing date for voting.

### **14.3. Revision of this Policy Statement**

The Governance Committee will review the content of this policy statement in full at least once every eight years, from the most recent update (as listed in the revision history).

Any proposals for revisions outside this periodic update need to be tabled to the Governance Committee as clear and specific motions proposed and seconded. This must be submitted with sufficient time before the planned voting date to allow for debate. The proposal shall be tabled for discussion through the WICC online group with specific recommendations and alternatives for each contention. A final proposal shall be developed by the Governance Committee and submitted to WICC one month before the planned voting date. Each full member shall have one vote. A quorum for making a decision on any revision shall be two thirds of all Full members of WICC.
