Passcode: 986363

## OPEN DAY – WONCA INTERNATIONAL CLASSIFICATION COMMITTEE (WICC)
## WEDNESDAY, OCTOBER 25th, SYDNEY, AUSTRALIA

**THEME**: Wonca Working Groups (WP) and Special Interest Groups (SIG) Perspectives on data collection and classifications

**BACKGROUND**: Data collection including registration of Primary Health Care-related data is an integral part of every country's health system. For the past 50 years, WICC, Wonca's longest serving committee, has been responsible for the development and maintenance of the International Classification of Primary Care (ICPC) as the global standard for capturing primary care data reflective of the complete domains of Family Medicine/General Practice across different settings/contexts. At this golden jubilee of WICC, we are honored to engage with other Wonca WP and SIG to understand how ICPC fits in and supports their work in terms of data collection and research needs.

**AGENDA**

| Time | Session | Presenter/Moderator | Venue |
|---|---|---|---|

## Participation online via Zoom

If you want to participate in the online sessions of the WICC meeting, it would be desirable and welcome that you register in the registration form which you can find here:

https://docs.google.com/spreadsheets/d/1Amlbs13GOGMSsGKY7cdJnjiljkxlZqnSScO7jYfcRes/edit#gid=0

You can see online meeting times in the agenda for the individual days.

The advertised time is Sydney time zone. In the full agenda, you will find the corresponding local time in selected time zones.

Please notice:

- Anyone who has received a link to the planned online meetings can participate via this link. Generally, it is not necessary to enter the meeting ID and Passcode.

- The meeting will normally be opened 15 minutes before the start of the meeting.

- Before the start of the meeting, you therefore may have the opportunity to test the function of your microphone and camera and adjust the sound quality.

- Please state/write your full name and preferably your nationality, possibly with your country code, when you gain access to the meeting.

- For the best audio presentation, it is important to have **_only_** your microphone connected when you are speaking. (Alt+A will mute or unmute your microphone)

- If you want the word, please mark this with 'Raise hand'. If you have finished your post or are opting out, please activate the 'Lower hand' function. This gives the meeting leader the opportunity to optimally control the speaking order.

- All participants will be able to share the screen if you want to present or show your screen.

- With the chat function, comments can be made - to all participants or specific participants.

- **Please note that the online meetings will be recorded and subsequently available for review.**
